

Lines from Leigh...

First, a big THANK YOU to all who transformed our usually beautiful worship space into a true Advent and Christmas delight! The sanctuary, narthex, and downstairs trees, plus all the greenery and ribbons make so lovely that, I am sure, I will miss it when the decorations come down.

Please take advantage of the many opportunities to gather during this season, and share both our regular and special worship times with folks in your workplaces and neighborhoods. 86% of those who visit a church do so at the invitation of an individual, not because of any sign or ads or social media posts.

Our theme for Advent 2 is PEACE, and I look forward to worshipping with you this and every Sunday.

Blessings in Christ,

Pastor Leigh
